

STEEL MILLS CLOSING DOWN.

Big Decrease in Production During November.

Drop More Sudden Than That Four Years Ago.

Furnace Outlook Is Poor for Next Twelve Months.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH (Pa.) Nov. 14.—[Exclusive Dispatch.] The prospects for the steel industry in 1936 are less than in any year since 1932, making this the most sudden slowing down that the American iron and steel industry has ever experienced.

There was no real decrease in total production until toward the close of October, since the month's pig iron production was a record and at the rate of 24,000,000 tons a year.

The rate of pig iron production December 1 will probably be less than 14,000,000 tons, with the mills of steel and the melt of iron by foundries scaled down in proportion.

The present drop is more sudden than that which occurred toward the close of 1933, when the November pig iron production was 24 per cent. less than in October. This year the October production was at a record rate, while in 1933 the October production was 17 per cent. below the then record, made in May of the same year.

The United States Steel Corporation, with ninety-five regularly operating blast furnaces, has thirty-three out of the close of the month. The Republic Iron and Steel Company, with six blast furnaces in the North, serving its steel plant at Youngstown, has two blast furnaces out of the close of the month. Its steel plant closed on last Friday and resumed Tuesday, making three days of week-end idleness.

Three weeks ago the Carnegie Steel Company put the Edgar Thompson, the great steel plant, down to two-thirds of its normal output, and since then it has totally closed the Belvoir and Columbia Steel Works, with their blast furnaces. The American and Tin Plate Company, another subsidiary of the Steel Corporation, is operating but its blast furnaces are shut and about two-thirds of its steel mills.

Since the curtailment in output has been so noticeable, it is hard to see how the iron trade could possibly undergo the thorough readjustment necessary to reasonable activity and prosperity in a few months. It looks as if business would be very poor through the greater part of next year.

WOMEN GOING BACK IN STATUS

Will Retire to Position of Pioneer Days.

Dr. Helen Reynolds Kellogg Tells Kilo Association That Times Are Changing for Members of Sex.

They Will Soon Be Out of Limerick in World's Affairs.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 14.—[Exclusive Dispatch.] Dr. Helen Reynolds Kellogg informs the members of Kilo Association that the women of the future would not occupy the prominent position the women of today do, and the pendulum that would eventually carry them back to the position they occupied during pioneer days had already begun its backward swing.

"Times are changing," said Dr. Kellogg, who was one of the speakers at a meeting at which the members of the literary and art branches of the association discussed the "Pioneer Women."

Women today have been pushed forward instead of being more in the limelight than they have ever been before. Today the pendulum has begun to swing the other way. They may never be forced to that position occupied by the pioneer women, but they must go back, back.

Dr. Kellogg's was the only pessimistic speech. All the others were certain that women would advance in the world's work.

Dr. Kellogg was discussing the pioneer women. "You know it is mighty hard to find anything about them," she said, looking through twenty histories of Illinois and found nothing.

"When they accompanied their husbands from one part of the country to another, the historians did not think it worthy of their attention. So it was John Jones and family who did this, that or the other. Mind you, I looked through twenty books and might have looked through another score had I not called upon the librarian to assist me in the discouraging hunt."

CONCESSIONS FOR HARRIMAN.

Epps Randolph Gets Important Aid from Mexican Government for Southern Pacific.

(BY DIRECT WIRE TO THE TIMES.)

CITY OF MEXICO, Nov. 14.—[Exclusive Dispatch.] Epps Randolph, personal representative of R. H. Harriman in the Southwest and Mexico, has obtained, on behalf of the Southern Pacific interests, a new concession from the Mexican government for the building of the Canadian, Tacu River and Pacific Railroad. The concession requires that the road shall be finished by November 4, 1937. The company is authorized to build a branch road from Naco to Nogales, a distance of about 150 miles. This branch road, which would be built one year from the date of the concession.

ENGLAND'S PREMIER IS CRITICALLY ILL.

(BY DIRECT WIRE TO THE TIMES.)

Sir Henry Campbell-Bannerman, Premier of England, who has been forced by an attack of heart disease to cancel all his political engagements.

BRISTOL (Eng.) Nov. 14.—[Exclusive Dispatch.] The Premier of England, Sir Henry Campbell-Bannerman, after addressing a political meeting, was taken ill last night at the residence of William Howard Davis, Liberal member of Parliament for South Bristol. Doctors attended the sufferer for over 24 hours.

Although the sharpness of the attack has now ceased, the Premier's condition is such that London doctors have been summoned. Heart trouble is believed to be the cause of the illness.

MRS. BRADLEY WEEPS IN COURT.

Shudders at Sight of Pistol Which She Used.

(BY THE ASSOCIATED PRESS-F.M.)

WASHINGTON, Nov. 14.—In the trial of Mrs. Annie M. Bradley, on the charge of murdering former Senator Arthur Brown of Utah by Wagon Wheel Asphyxiation, Mrs. Bradley wept today. After completing the jury, the case was opened for the government by Asst. Dist. Atty. Turner, and a number of witnesses were introduced by the prosecution. There were a dozen of these witnesses, including the manager and a number of employees of the hotel where the shooting occurred, and several members of the police force who were concerned in Mrs. Bradley's arrest.

Indeed, when court adjourned for the day, the prosecution had almost completed the direct presentation of their case, and Mrs. Bradley's evidence had been given.

The crowd in attendance on the trial was not so large as on yesterday, when Mrs. Bradley was arraigned. The testimony covered the details of the shooting, and Mrs. Bradley was visibly affected by some portions of it. She shuddered at the sight of the pistol with which the shooting was done, and at one time was moved to tears.

In his opening address to the jury, Asst. Dist. Atty. Turner detailed the facts which resulted in the death of former Senator Brown. He told how Mrs. Bradley had registered at the hotel where the shooting took place, and how she had been seen by a witness on the second floor of the hotel entering the room where the shooting took place.

The manager asked who shot him, and he replied by pointing to Mrs. Bradley, saying, "that woman over there." Brown was then asked if she was his wife, and both the witness and Mrs. Bradley replied in the negative, she adding that "while she was not his wife, he was the father of his children."

Mr. Turner said it would be shown also that Mrs. Bradley had said that her act was deliberate.

"If," he said, in conclusion, "the government succeeds in proving these things, and if you believe it was a deliberate murder, we think it would be your duty to return a verdict of guilty as indicted."

As the recital proceeded Mrs. Bradley closed her eyes, but did not appear to break down.

The first witness called was David T. Nelson, clerk on duty on December 3 last, and asked for "Mr. A. Brown," testimony contained little information beyond the fact that he had given Mrs. Bradley a separate room from that occupied by Mr. Brown.

Josephine Kidwell, a chambermaid at the hotel, told of the two visits of Mrs. Bradley to the room where the shooting took place. She said Mrs. Bradley had first come to the room about 9 o'clock in the morning, and remained for a few minutes. About 2:30 o'clock on the same day, she returned, occupying an adjoining room. Mrs. Kidwell heard two shots and had distinguished a male voice crying, "Help, help, help." Upon entering Brown's room she saw Mrs. Bradley standing near him. The incident seemed to

On cross-examination Mr. Hoover brought out a more detailed statement of the occurrences in connection with the tragedy than Mrs. Kidwell had hitherto given, and he required her to illustrate by tapping with a knuckle on a desk the time between the two shots. The incident seemed to

CHICAGO, Nov. 14.—[Exclusive Dispatch.] Charges that Chicago is the clearinghouse center of the white slave traffic, which covers not only the United States, but which sells unfortunate girls to Panama and the harbor of Turkey and Egypt, were made tonight by Miss Rose Johnson, a London resident, who was speaking at the Central Y.M.C.A. Miss Johnson is on her way to Washington to present proofs of these charges to the President.

When Capt. Bryan came for his son to sleep as soon as all patrons are tucked away in bed and permitting the car to become overheated or chilly through open windows or neglected doors. The car has been equipped with a self-registering thermometer, and it will be scrutinized every morning by the superintendent.

Orders have been issued to all porters to keep the temperature of the car must be at 70 deg. Any deviation from 70 deg. at night, by the time patrons are tucked away in bed, will be reported to the superintendent.

CHICAGO, Nov. 14.—[Exclusive Dispatch.] "Guiltily as indicted," was the verdict of the jury tonight in the case of Harold Mitchell, a Chicago leader who caused the death of Mrs. Letitia Greenleaf of Zion City while "casing out" his room for his chipped limbs. Mrs. Harold Mitchell's wife, who was also on trial, was found "not guilty."

Both the Mitchells were charged with manslaughter. Walter and Jennie Green, halve children of the murdered woman, were held as accessories, but were pronounced "not guilty" by the jury. They would testify as to the death scene.

WEAK PLACES MADE STRONG.

Secretary Cortelyou Discusses
Financial Flurry.

Normal Conditions If Money
Hoarded Is Returned.

President Sends Congratula-
tions and Good Will.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Nov. 14.—Bringing a message of congratulations and good will from President Roosevelt, George B. Cortelyou, Secretary of the Treasury, was the principal speaker at a reception given today by the merchants association of New York in celebration of its tenth anniversary.

Referring to the financial situation, Secretary Cortelyou declared that the weak places had been strengthened. He expressed the belief that if the hoarded money were put back to fulfill its functions in the channels of trade there would be an immediate and almost complete resumption of business operations.

Secretary Cortelyou varied from his prepared speech long enough to say that what had been done in the last week or ten days was in a line with his plain duty to use the funds of the treasury department to relieve the financial emergency.

EVERY SECTION GETS SOME.

"The country now has deposited in various banks and territories \$225,000,000 or \$227,000,000," he said. "For six weeks there were deposited large sums in various sections of the country. It was thought necessary for the Secretary of the Treasury to come to this city and \$25,000,000 was deposited, of which this city and only its commercial share, and a great proportion of that amount was put in every State and every nation. When the situation developed here it became necessary to concentrate the resources at this one point of greater danger."

"That was done to localize the stress that might have become national. We did here what was for the benefit of the whole country."

CO-OPERATION APPRECIATED.

"As a native of New York, it is peculiarly gratifying to me to have this opportunity of meeting such a representative body of its business men—representative not only of its commercial and industrial interests, but of an association that was organized, as your publication has noted, to foster its trade and welfare."

"At the outset, let me say that I am commissioned to deliver to you a message of confidence and good will, and to express the appreciation of a renewed assurance of appreciation of your co-operation in many matters of public moment. That message is from the President of the United States."

"It is not my duty to use an extended address; in fact, I shall take but a few moments of your time, and what I shall say will be of the character of this gathering and the events of the past few weeks."

LEARN BY EXPERIENCE.

"Your invitation to participate in these exercises of your tenth anniversary was accepted some weeks ago. Much has happened since that time. We have learned some things by experience recently—by a very real experience for many of you, but one from which I personally hope you are even now rapidly recovering. Experience is of value to us only as we learn from it. Let us hope, then, in what we have just been through we have all had that kind of experience."

"Among other things, we have learned what it means to stand steady in times of stress and strain. We have learned, too, more fully perhaps than before, the value of credit in the business world and have had brought home to us the fact that it is a most delicate part of a most delicate mechanism. We have learned where weak places were, where they were obtained. We have learned again the value of cooperation."

"In some directions what was weak has been strengthened, and what is all important, if any man has been guilty of a violation of a trust that makes him amenable to a law, we may feel confident that its processes, in ordinary manner and regardless of sectional incidents for or against him will be evoked in the interest of the public."

FINANCIAL TEST.

"The financial institutions of this great city have undergone during the past three weeks one of the greatest tests they have ever undergone, and when the people of the country realize, as they are beginning to, that the conditions realize, what they have done to stay panic and reestablish confidence, the measure of public approval of the service will be great. Indeed, other great commercial and industrial centers have cooperated, and back of them all the Federal Government, as representing all the people, seeking to do only legitimate interests and to render assistance to every State and every section."

"Now that the financial storm appears to be subsiding, we should turn our attention more and more to the relief of the country at large. In the South and West and on the Pacific Coast and in the other sections there are heavy demands on all available funds for the movement of the crops, for the continuance of other mercantile undertakings, and what we must not for a moment forget, for the employment of labor."

"One of the most gratifying incidents of our recent trouble has been the prompt and patriotic response of many of our great labor organizations to the appeal of employers for their cooperation. This cooperation, in most cases initiated by the labor, should be available everywhere by employers and should be generously recognized as a distinct step toward a better understanding between employer and employee. It is a time when every citizen should assume his share of the burden."

DECLINES HOARDING.

"The hoarding of money, the exacting of unnecessary harsh methods in business dealings, all retard our return to normal conditions. The hoarded money should be put back in the banks and the exactions of bankers and merchants should be proportioned to actual business necessities. To do otherwise is not only unpatriotic, but unwise. I believe that if the money of the country, wherever hoarded, were at once put back to fulfill its functions in the channels of trade, there would be, within twenty-four hours, an almost complete resumption of business operations."

"I doubt whether we can in any way estimate the loss that has fallen upon those who have, either from selfish or misguided motives, thus drawn their money from places of more than

STEEL MAGNATE SCORES PESSIMISTS.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 14.—(Exclusive Dispatch.) Elbridge H. Gary, chairman of the board of directors of the United States Steel Corporation and one of America's chief capitalists of industry, thinks there is too much "discussion" of the financial condition of the country.

"All this talk about the so-called tight-money market makes people lean involuntarily to the idea that there really is something the matter with the nation, when, as a matter of fact, everything is in first-class shape," he said tonight at the Auditorium Annex.

"In a little while all the disturbance will be over and then the persons who have been doing a lot of talking about the temporary financial upset will feel silly, I think."

"It is not a time for talking—it is a time for a strengthening of the general confidence in the unquestionable financial soundness and abundant material prosperity of the nation."

HARRIMAN IS ON THEIR LIST.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Nov. 14.—(Exclusive Dispatch.) It can be stated on authoritative sources that the government has not abandoned the idea of prosecuting the Harriman railroad, and that, to quote a government official, "some time" this suit will be undertaken.

It can be said further that this suit will not be instituted immediately, and that the hearing in New York to compel Mr. Harriman to answer questions concerning the financial arrangements of his western roads, propounded to him by the Interstate Commerce Commission, will be first concluded, and the seizure of goods of the American Tobacco Company in Virginia for violation of the Sherman anti-trust law first called before any action will be taken towards this prosecution.

It is generally believed in Washington that the proposed prosecution will be for the purpose of breaking up the "community of interest" and harmony of management which prevail between the Southern Pacific and the Union Pacific and the Santa Fe railroads, all of which are set forth in the Interstate Commerce Commission's report, made after an investigation of this situation, which report is not yet in the hands of the department.

While it has not been indicated what kind of action will be instituted in the prosecution, persons familiar with the recommendations of the Interstate Commerce Commission with reference to the Harriman roads are confident it will be for violation of the Sherman Anti-Trust Act in combining competing roads.

HAS WEPT MANY WEEPS.

Geraldine Farrar Deplores Stories of Her Criticism of America's Lack of Art.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 14.—(Exclusive Dispatch.) Geraldine Farrar, the young American soprano who has been accused of saying unkind things about the musical caliber of Americans, in company with her mother, was among the first to leave the Oceanic today, when she was asked about the interview in which she was credited as saying that Americans were lacking in musical appreciation, she became very indignant.

"It is a malicious fabrication and I have cried many times to think that I should be so misrepresented to the people of my native country whom I love so dearly. If America loves me as I love America, I will spend my days here until the end of my life."

FRANCE KEEPS ITS GOLD.

NEGOTIATIONS BROKEN OFF.

(BY THE ASSOCIATED PRESS—A.M.)

PARIS, Nov. 14.—The negotiations which J. Pierpont Morgan & Co. have been conducting with the French government to obtain \$20,000,000 and \$40,000,000 in gold for direct shipment to New York, were definitely broken off today.

They had been in progress since last week, and for a time seemed on the point of success, but the final demand that the United States government furnish a guarantee could not be complied with.

BANK CLOSED.

PORTLAND FAILURE THE CAUSE.

(BY THE ASSOCIATED PRESS—A.M.)

FOREST GROVE (Ore.) Nov. 14.—The State Senator's bank, which has been in this city, did not open its doors for business yesterday because it could not obtain its balances from the Merchants National Bank of Portland, which has failed yesterday.

It has deposits aggregating between \$40,000 and \$50,000, and was a member of the Federal Reserve Bank of Portland. It was a subsidiary of the State Bankers Association.

TWO LUMBER FIRMS FAIL.

DANZIG (Prussia) Nov. 14.—Two lumber firms, the Danzig Lumber Co. and the Danzig Lumber Co., have failed today. The liabilities of the former are about \$1,000,000, and of the latter about \$1,500,000. Both firms are trying to make arrangements which will enable them to continue business.

INTERNATIONAL TELEPHONE.

STOCKHOLM, Nov. 14.—(Exclusive Dispatch.) A direct telephone cable between Stockholm and Berlin, in the Baltic Sea, both the Swedish and German governments are interested in the project.

CITY PAYS WITH CHECKS.

HOUSTON (Tex.) Nov. 14.—Because of lack of cash this city is forced to pay employees in checks. This is the first city in the State compelled to do this.

"BIG FISH" FOR GRAND JURY.

Montana Live Stock Men Will Face Trial on Charges of Illegal Fencing.

(BY DIRECT WIRE TO THE TIMES.)

HIGHLYA (Mont.) Nov. 14.—(Exclusive Dispatch.) Judge W. P. Hunt, in the United States District Court today directed the calling of a Federal grand jury for December 2 next, to report upon about twenty-five known cases where Federal commissioners have acted. In this list is the usual list of whisky and robbery cases, as well as two murders.

It is understood that some "big fish" will be landed, presumably for land or timber-law violations.

All the present term court some of the largest live stock men of the State will undergo trial for alleged illegal fencing of lands, and as Judge Hunt has declared he will impose more severe sentences. As time presses upon these convictions drastic results are anticipated.

HAD VICIOUS "KNUCKLES."

San Francisco Arrested in Chicago as Confidence Man Had Supply of Weapons.

HARRIMAN IS ON THEIR LIST.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Nov. 14.—(Exclusive Dispatch.) It can be stated on authoritative sources that the government has not abandoned the idea of prosecuting the Harriman railroad, and that, to quote a government official, "some time" this suit will be undertaken.

It can be said further that this suit will not be instituted immediately, and that the hearing in New York to compel Mr. Harriman to answer questions concerning the financial arrangements of his western roads, propounded to him by the Interstate Commerce Commission, will be first concluded, and the seizure of goods of the American Tobacco Company in Virginia for violation of the Sherman anti-trust law first called before any action will be taken towards this prosecution.

It is generally believed in Washington that the proposed prosecution will be for the purpose of breaking up the "community of interest" and harmony of management which prevail between the Southern Pacific and the Union Pacific and the Santa Fe railroads, all of which are set forth in the Interstate Commerce Commission's report, made after an investigation of this situation, which report is not yet in the hands of the department.

While it has not been indicated what kind of action will be instituted in the prosecution, persons familiar with the recommendations of the Interstate Commerce Commission with reference to the Harriman roads are confident it will be for violation of the Sherman Anti-Trust Act in combining competing roads.

HAS WEPT MANY WEEPS.

Geraldine Farrar Deplores Stories of Her Criticism of America's Lack of Art.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 14.—(Exclusive Dispatch.) Geraldine Farrar, the young American soprano who has been accused of saying unkind things about the musical caliber of Americans, in company with her mother, was among the first to leave the Oceanic today, when she was asked about the interview in which she was credited as saying that Americans were lacking in musical appreciation, she became very indignant.

"It is a malicious fabrication and I have cried many times to think that I should be so misrepresented to the people of my native country whom I love so dearly. If America loves me as I love America, I will spend my days here until the end of my life."

FRANCE KEEPS ITS GOLD.

NEGOTIATIONS BROKEN OFF.

(BY THE ASSOCIATED PRESS—A.M.)

PARIS, Nov. 14.—The negotiations which J. Pierpont Morgan & Co. have been conducting with the French government to obtain \$20,000,000 and \$40,000,000 in gold for direct shipment to New York, were definitely broken off today.

They had been in progress since last week, and for a time seemed on the point of success, but the final demand that the United States government furnish a guarantee could not be complied with.

BANK CLOSED.

PORTLAND FAILURE THE CAUSE.

(BY THE ASSOCIATED PRESS—A.M.)

FOREST GROVE (Ore.) Nov. 14.—The State Senator's bank, which has been in this city, did not open its doors for business yesterday because it could not obtain its balances from the Merchants National Bank of Portland, which has failed yesterday.

ROYAL ANCESTRY SUIT.

Genealogist Gets \$500 for Verdict Proving Woman Descended from Alfred the Great.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 14.—(Exclusive Dispatch.) Five hundred dollars is the intrinsic value of the knowledge that one has descended from a king. This question in genealogy was settled by Justice Haskell and a jury, in Part One of the City Court today.

Charles H. Browning of Ardmore, Pa., demanded that amount from Mrs. Minthurn Woolsey of this city for tracing her descent from King Alfred the Great. Mrs. Woolsey refused to pay, because she declared she doubted Mr. Browning's authority in the matter. In his testimony Mr. Browning said he had also traced the Astor descent.

"Among those in this country," he stated, "who are of royal descent are John Jacob Astor and his wife, who was Miss Welling of Philadelphia. They are both descended from Edward I."

The jury returned a verdict for the full amount sued for.

SILENT.

HIS CRUEL ACT
UNEXPLAINED.

TOPEKA MAN REFUSES TO TELL WHY HE RAN AWAY.

(BY DIRECT WIRE TO THE TIMES.)

TOPEKA (Kan.) Nov. 14.—(Exclusive Dispatch.) Edgar Campbell Arnold, the manager of the Arnold Drug Company of this city, who created something of a sensation in Los Angeles by deserting Mrs. Lena River Packard of that city on the eve of their wedding, arrived here Thursday morning. He came in on the Union Pacific train, reaching here shortly after 5 o'clock. He went at once to the home of his mother, Mrs. A. J. Arnold, No. 927 North Jackson street. When a reporter called at the house, Arnold's mother said:

"It will be impossible for any one to see him now. He arrived home only this morning and is thoroughly prostrated. I called a physician, and the doctor advised rest and quiet for my son. He is now in bed, following the physician's advice."

"I do not know or believe that my son has any statement to make, other than to say that he has returned home. He is now in bed, following the physician's advice."

Arnold called from a near-by room to the effect that he felt strong enough to be interviewed. He was asked if he had any statement or explanation to make in regard to his sudden departure from California on the eve of his marriage to Miss Packard.

"Not a word to say," was his reply. "It is reported that you left a note for the young lady stating that you had retired from the engagement because you felt that you were unworthy of her." Arnold was told, and then was asked if he had any explanation to make of that nature of the case.

Arnold smiled in a sickly manner at this, and made no reply. His physician interrupted to say:

"The only thing to be said is that to have them for dish washing, gardening and other work that is hard on the hands. The ones today 45c."

TO PROTECT PRISONERS.

NEW ORLEANS, Nov. 14.—One company of State troops received orders this afternoon from Gov. Blanchard to report immediately to the Sheriff at Hayville, where the trial of the two Italian gangsters is being held.

It is believed here that this is merely a precautionary measure.

POP GOES THE RECORD.

NEW YORK, Nov. 14.—(Exclusive Dispatch.) The record of the day's events in Congress will be recorded in the minutes of the House and Senate.

GOVERNOR OF PORTO RICO COMES TO CAPITAL TO TELL PRESIDENT ABOUT HIS LITTLE ROW.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Nov. 14.—(Exclusive Dispatch.) Regis Heintz Post, Governor of Porto Rico, has been sent to him personally by the side of the row which has broken out by Porto Rico between the Governor and the school teachers and missionaries there.

Gov. Post was invited to address the school teachers in the morning, and in the course of his remarks he referred to them and the missionaries as "priests" and other equally strenuous epithets.

SUCCESSFUL M'COMAS.

WASHINGTON, Nov. 14.—(Exclusive Dispatch.) The vacancy on the bench of the Court of Appeals of the District of Columbia, caused by the death of Judge McComas, was filled today by the appointment of Josiah A. Van Orsdel, Assistant Attorney-General in the Department of Justice, in charge of work before the court of claims.

Mr. Van Orsdel was appointed to his present position from Wyoming February, 1906.

MERCURY ON EXHIBITION.

Astronomers Watch Planet While It Makes Its Transit Across Face of the Sun.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Nov. 14.—Astronomers throughout the country trained their telescopes on the planet Mercury today to observe its journey across the face of the sun. The transit of Mercury occupied three and a half hours.

Mercury's journey was not observable with the aid of an ordinary field glass. The transit of Mercury was in November, 1894.

12¹/₂c Outing Flannel 8 1-3c
15c White Goods at 8 1-3c
12¹/₂c Percales at 8 1-3c
12¹/₂c Bleached Muslin 8 1-3c
Wonderful Value—Fourth Floor, Friday.

Opportunity Is Pounding on Your Door

No feeble taps; the knocks are vigorous and loud enough for every one to hear. Friday is Opportunity Day at Bullock's. The opportunities are real values; high qualities united to low prices; no helter skelter collection of damaged, undesirable merchandise bought to sell at an underprice, but fine, new goods, wanted right now; perfect in every respect; short lines, remnants; regular stocks reduced (many a full half less than usual) to bring crowds to Bullock's Friday. Be early.

New Prince Chap Suits at ... \$19.50

Smart suits in the double breasted Prince Chap style; made from particularly attractive wool suitings in clever stripe effects of brown, gray, black and white; splendidly tailored; an exceptional value at \$19.50. Second floor.

Silk Prince Chap Models \$25

Wonderfully attractive Prince Chaps in brown and blue silk. Some tailored in brown and blue silk. Some tailored on new lines, modifying the chap models of old, others in tight fitting styles. The greatest style value in the city at \$25.00.

Plain Plaited Panama Skirts \$6

Pretty neat plaited skirts of Panama in brown, blue and black, with folds of silk or self material. They are easily leaders of skirts shown about town at \$8 and \$10.

New Plaited and Gored Skirts \$8.75

Chic new styles in Panama, serge and Sicilian—splendidly tailored with a combination of plaits and folds; excellent value at \$8.75.

Loose Kersey Cloth Coats \$15

Fine, closely-woven, chiton weights, Kersey cloth coats in tan, navy and black—made very loose and full with military collar and cuffs—they will set a new standard at \$15.

Remnants New Silks and Dress Goods at Nearly Half Price

The past few days have seen some of the most spirited buying of the season, with the result: Hundreds of yards of most desirable silks and dress goods are here in splendid lengths; new weights, new shades, new patterns; many close to half price; a rare rummage time; Section A, today.

Children's \$1.25 to \$3.25 Wash Dresses Today ... \$1.00

Colored and white; the rarest opportunities that have been offered this year; dresses of chambray, percale and fine dress gingham splendidly made and trimmed; all favored colors and white; sizes 6 to 14; \$1.25 to \$3.25 dresses at \$1; \$2.50 to \$3.95 dresses at \$1.75; maybe enough for all day; selling will be spirited; best hurry; fourth floor.

About 75 Soiled Half Price Dolls, Today at Half Price

Very slightly soiled and mused, yet out of harmony with this splendid spic-span collection of Christmas Dolls; these 75 have been marked just half price; \$1.00 dolls at 50c; 50c dolls at 25c; 25c dolls at 12¹/₂c; away they go today; remember, just 75; third floor.

Greatest Display of Wheel Goods in the City

Velocipedes, tricycles, automobiles, hand cars, engines, doll cars; a remarkable variety; at prices that are causing enthusiastic buying now; comparison proves.

Great Table of Domestic Remnants Today at ... Half Price

You know the character of Bullock's flannels, outings, white goods, sheetings, gingham; you know they are the best to be had at regular prices; today a great double table loaded with most desirable lengths; remnants from regular stocks; at exactly half price; fourth floor.

Regular 25c, 35c and 50c Embroideries at ... 15c Yd.

Our regular stock of 25c, 35c and 50c edges and insertions; choice new patterns in infant acts and some elaborate corset cover and skirt patterns. An unequalled opportunity to buy high grade embroideries; many are much less than half price.

BERKELEY GETS BUSY.

Already Laying Plans for Work of the Football Squad for the Coming Season.

(SPECIAL CORRESPONDENCE OF THE TIMES) UNIVERSITY OF CALIFORNIA, Nov. 12.—The California football men have begun to plan for next year's game with Stanford while the other Blue and Gold athletes are resolved not to let the Cardinal be victorious in other lines of sport this year.

TENNIS AT CLAREMONT.

Preliminary Round of the Invitation Contest Will Be Played Week Earlier Than Scheduled.

(SPECIAL CORRESPONDENCE OF THE TIMES) CLAREMONT, Nov. 14.—Owing to the scarcity of courts at Claremont, it has been decided to play off a preliminary round of the invitation tennis tournament, scheduled for November 25, on Monday, November 18. All of the less noted Pomona players will be eliminated by this process and only classy matches will be seen on the courts on November 25.

WRESTLING MATCHES.

Coach Pierce of Pomona College to Introduce New Kind of Work for Football Men.

CLAREMONT, Nov. 14.—Following the close of the football season, Coach Pierce of Pomona is planning to have a class in wrestling for the most husky of the football men, which will serve them in lieu of the required calisthenic work under Physical Director Braden. Coach Pierce is a strong exponent of wrestling and would look with favor on intercollegiate bouts between Southern California colleges.

Results at Aqueduct.

NEW YORK, Nov. 14.—Aqueduct racing results: Six furlongs: Rialto won, James B. Brady second, Miss Sain third; time, 1:13 2-5. The Woodside Steeplechase, about two miles: Almansor won, Jimmie Lane second, Flying Machine third; time, 4:39 2-5. Mile and a sixteenth: Okinite won, Glen Echo second, Druid third; time, 1:47 4-5. Mile and a sixteenth: Welbourne won, Cresius second, Number One third; time, 1:48. Six furlongs: Gramaldi won, Sewell second, Rock Stone third; time, 1:13 2-5. One mile: Summer Cloudy won, Ottoman second, Pullman third; time, 1:41.

THE CITY IN BRIEF

An off-fender.

NEWS AND BUSINESS.

Missing.
Joseph Elbro, a deaf and dumb boy, was reported missing yesterday from his home at No. 735 Buena Vista street. He went to the Grand-avenue School in the morning and has not been heard from since.

A Car Case.
O. A. Carson, who lives at the Palm House, near Arcade Station, reported to the police yesterday that a burglar entered his room. His clothing, worth \$10, was carried away in his suit case.

"A Cheerful Lie."
The dramatic club of the Young Zionists' Association will present a three-act farce comedy entitled, "A Cheerful Lie," in Gamut Club Auditorium, on next Sunday evening. They have been rehearsing for the past two months and expect to give a stirring show, the proceeds to go toward the building of a hall.

For Extra Session.
Chairman Charles E. Patterson of the Board of Supervisors, yesterday wired the Governor as follows: "Taxes must be laid by law by the Legislature, and what there is to be collected by local banks, enforced tax delinquencies will be hardship on people and no credit to reputation of county or State. Am impressed with the necessity for extra session to relieve present urgent financial distress."

Postal Consolidation.
The Postmaster-General yesterday issued the formal order consolidating the postoffices at South Pasadena, Hollywood, Colton, Calhoun and Prospect Park with Los Angeles for free delivery purposes, and establishing the South Pasadena, Hollywood and Prospect Park stations on January 1, next. The stations are to be provided with facilities for the transaction of money orders and express business, the sale of postal supplies, and the receipt and dispatch of mails.

Many Addresses.
At the City Club's luncheon Saturday, a number of State and county officials in attendance at the convention of the League of California Municipalities, held at Pasadena, will make brief addresses. Among those who have accepted are Mayor Harper, Supervisor Rixford of San Francisco, City Attorney Ewing of Fresno and State Controller Nye of Sacramento.

Herbert George, general manager of the Continental Tunnel Railway Company, Denver, writes as follows on the financial part of a letter to a Los Angeles friend: "I am glad to note that Los Angeles is weathering the storm so well. The money stringency has hardly affected us here, due to the fact that our banks had sense enough to clamp onto the money quickly and issue certificates, thus depriving New York of the blessed privilege of robbing us of what currency we had on hand."

Purse for Injured Boy.
A fund of \$30 has been raised for the benefit of little William Foster, the boy who was run over by a truck and severely injured last Tuesday at Broadway and Second. The fund is composed of J. V. Thies, D. O. Stewart and W. A. Alderson raised the fund for the boy, who is now in the custody of D. O. Stewart at No. 128 South Broadway. Stewart is waiting for the return of the mother of the boy in order to turn the money over to her. The boy's leg had to be amputated, and his only wish is that Godrich Downing, for whom he worked, will hold his job for him, that he might continue to support his mother and sister.

BREVITIES.

When you think of good shoes, think of Harris & Frank. We have a splendid stock of fine footwear for men and boys. The department is in charge of an expert shoeman, with years of experience in selecting and fitting shoes. Splendid values, right prices. Visit this department.

Newmark. Harris & Frank, 4141 S. Spring street. The Newmark is the place to buy meat and save money. This week we will afford roast at 11 cents per pound. Best roast and chops of pork at 15 cents per pound. Veal roast 12 cents per pound. Boiled beef, 12 cents per pound. Newmark, 522-24 S. Broadway.

Ladies—Yours never have to pay more than \$2 for the best shoes made, and they need never pay over \$2.50. I will \$2.50 to \$4 sample shoes at these prices. I can fit all feet. I am located in the second floor of 4141 S. Broadway. Visit my store and be convinced.

Sample Shoe Man Stock. J. W. Frey has moved his stock of nappies, grates, tiles and andirons to its warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplaces in the city.

Keep your eye on the Newmark. Mutual Saturday bargains in fine, fresh sweet meats. Newmark, 522-24 S. Broadway.

Hard wear shoes for sturdy boys. unerring quality means low cost. Pay to visit 4141 and Broadway. Not tasteless, unsatisfying but satisfying that's the (county) Mutual Table Water, Main 284, REX.

Frank D. Burt, furrier, 324 S. Broadway. Official furrier, DeLany's, 209 E. 2nd street.

EXPLORER RECEIVES MEDAL. CHICAGO, Nov. 11.—Capt. Roald Amundsen, the Norwegian explorer, discoverer of the North Pole, received formal notification last night that the Helen C. (county) medal for notable achievement in science and discovery had been awarded him. The announcement was made at a meeting of the Geographic Society of Chicago. The medal is the first award made by the society. Prof. Henry J. H. chief of the local Weather Bureau, made the notification speech.

FIVE HUNDRED RIDE THE GOAT

RECORD-BREAKING CLASS OF WOODMEN INITIATED.
Impressive Ceremony Conducted by National Officers of the Order at the Simpson Auditorium in Presence of Over Two Thousand Members—Fine Street Parade by Drill Teams.

Five hundred candidates were taken into the Modern Woodmen of America last night at Simpson Auditorium, in the presence of more than 2000 members of the order. The ceremony was impressive and instructive, and the presence of a number of gayly-uniformed drill teams lent a military aspect to the affair.

The class adoption was in charge of Head Consul A. R. Talbot of Lincoln, Neb., a former law partner of William Jennings Bryan. Two months ago the various camps in this city and county began a generous rivalry to secure the largest number of candidates for initiation, and the number obligated at last night's meeting showed what has been accomplished.

The gathering at Simpson Auditorium proceeded with a fine street parade. The drill teams and camps met at Seventh and Spring streets and marched to the Hayward Hotel. There the men were joined by Head Consul Talbot, State Deputy J. O. Davis and District Deputy C. O. Johnson. With these high officials were the members of the Executive Committee, including W. F. Maunula, consul of St. Louis; Dr. C. W. Allen, consul of Golden State Camp; Consul Schiele of Pomona Camp, and the officers of the Foresters, as the drill teams are designated.

The column then formed with a platoon of twenty-four police officers in the van, followed by Horn's band. Next in line were the drill teams, each composed of sixteen picked men. The Golden State Band came next, and members of the various city and county camps brought up the rear. The line of march was up Spring to First, from First to Broadway, to the Simpson Auditorium. The members of the Executive Committee, including W. F. Maunula, consul of St. Louis; Dr. C. W. Allen, consul of Golden State Camp; Consul Schiele of Pomona Camp, and the officers of the Foresters, as the drill teams are designated.

The services were very impressive and were witnessed by an audience which filled the Auditorium to overflowing. The central obligation was administered by Head Consul Talbot to the 500 candidates who were initiated into the order. The ceremony was conducted by District Deputy Burgess. One of the features of the program was the singing of the opening ode, written by First Head Adviser D. D. Leland, twenty years ago. The author was present last night and took part in the exercises. In an address to the assembled members, it was stated that the order numbered 500,000 members, and that \$2,500,000 in insurance was in force. Head Consul Talbot commented on the wonderful growth of the Woodmen of America, which was characterized as the largest fraternal insurance organization in the country.

Addresses from camps in Pomona, Long Beach, San Pedro, Wilmington, South Pasadena and other smaller towns were present.

VITAL RECORD

BIRTHS.

PUBLIC SERVICE.

SUMMARY OF THE DAY.
Grouping of the municipal buildings will be a feature of the City Beautiful scheme for the City Beautiful. The State Supreme Court handed down a decision yesterday to the effect that the Los Angeles Railway has no franchise on South Park avenue below Thirtieth street.
The fire board passed a resolution yesterday asking the Council to buy a big seven-passenger automobile to use for inspecting the fire houses.
Joe Ybarra, former companion of Leo Monreal, was arrested in San Francisco after a long flight, and placed in the Los Angeles County Jail yesterday.
Monreal is serving a ten-year sentence in San Quentin prison. The alleged false testimony was given in the divorce action of Beatrice Armas against James Armas.
Douglas Dawson, former manager of the William H. Humber Company, has been declared bankrupt at the Patton State Hospital, and will be returned to Los Angeles for trial on the embezzlement charges against him.
Damage suits against the Los Angeles-Pacific company, resulting from a peculiar automobile accident, were tried yesterday in the Superior Court by the Otis Elevator Company and L. H. Watson, chauffeur.

AT THE CITY HALL.
CITY HALL ON NORTH SPRING.
ARCHITECT WOULD GROUP ALL MUNICIPAL BUILDINGS.

Civic Center Will Be a Feature of General Scheme for City Beautiful. Boulevard, System Planned Connecting Parks and Forming Outlets to North and East.

Locked securely in his private apartment, denying himself to the public, Charles Mulford Robinson is working studiously away on a draft of plans for the city beautiful. Report came to the City Hall yesterday that Mr. Robinson has already expended \$5,000,000 on paper—and that he will pass the \$10,000,000 mark by noon today. Councilmen turned green with envy.

Members of the Municipal Art Commission say that Mr. Robinson is planning for the future, that he pictures in his mind's eye Los Angeles twenty years hence as the most beautiful city in all America.

In order to secure our civic adornment we must expect to expend money liberally for a number of years. The plan will require at least \$15,000,000 to develop the accomplishments of "My Lady the Queen of the Angels," Mr. Robinson is expected to provide for a dual development: civic and art must advance side by side.

To Mayor Harper and members of the Art Commission, Mr. Robinson has waxed enthusiastic over the possibilities for our home city. The natural feeling, clinging to the foothills with the mountains in the background, is what Mr. Robinson terms ideal. He says that the latest possibilities are greater here than in any other city he has visited.

In an unguarded moment Mr. Robinson revealed enough of his plans to embryo to show that he favors a civic center north of First street. He occasioned polite amazement in the street office by remarking that all modern cities group their municipal buildings; that this is one of the first steps for Los Angeles to take in her quest for the city beautiful. The municipal center, like the business district, is to be on the hills.

This probably means that he will advise that the new City Hall and Police Station shall be located within a couple of blocks of the Courthouse. In the center will be a handsome Orange River fountain.

Rumor has it that the municipal architect frowns on the proposal to locate the city library building in Sixth Street Park.

Before we attain our heart's desire in the way of a city beautiful, we must build a magnificent system of freeways, connecting all the city parks. There are sixteen of these pleasure grounds, many of them just heavy spots hidden away in the folds of the hills. Mr. Robinson has indicated that these rare gems into possible to develop these rare gems into the most magnificent park and boulevard system in America.

Riverside drive along the Hudson is to have a rival in the scenic boulevard that is to traverse the length of the Arroyo Seco.

These are just a few hints that have floated out over the transom and through the keyhole from the apartment where Mr. Robinson is at work. His plans will not be ready for presentation to the Council for at least ten days.

It is not expected that the Council will expend more than four or five millions in carrying out this year's plans for the ideal city; close-fisted members of the Finance Committee have hinted that there may not be even this much available, unless the fire bonds carry.

Mr. Robinson was induced to come here and make plans for our city beautiful through an invitation extended to him by the Municipal Art Commission, supported by a promise of \$1000 in cash. Members of the committee say they do not expect immediate action on the part of the Council looking to the expenditure of money. Their idea is that Mr. Robinson's plans shall serve as a sort of guide book to shape the course of future municipal improvements. All plans for the future should be carried out, they say, with a view to helping along the general plan.

Improvements that would have cost the city less than \$5,000,000 ten years ago cannot now be secured for \$20,000,000. It is proposed that certain pieces of land should be secured soon for the reason that the building up of the city is creating certain highly desirable acreage into city business and residence blocks.

CITY WINS HISTORIC SUIT.
BUT RAILWAY IS SAVED.
For about the twentieth time the Sixth Ward is in. On this occasion trouble has come to Vernon and South Park. The State Supreme Court handed down a decision yesterday to the effect that the Los Angeles Railway Company has no franchise on South Park avenue south of Thirtieth street.

The railway company is declared to be a trespasser over this debatable strip, and walking isn't very good in the sand belt along South Park avenue.

Two years ago the Superior Court here decided the South Park franchise case against the railway. At that time Mayor McAllester, acting on the advice of then City Attorney Matthews, sent the street and police department to tear up the tracks. This was not done until the sixth ward had gone to the City Hall almost on mass and demanded that the "prejudicial corporation" be restrained from unlawful use of South Park avenue.

When the tracks were torn up the naughty railway company withdrew

temporarily, taking its street cars with it. The next morning the Vernonites walked from two to twenty blocks to a street car. Before nightfall the advanced guard had appeared at the City Hall to demand that the Mayor "make the railway company bring them cars back." Negotiations between the city and the railway lasted for about a week. During that time the Vernonites threatened mob the Council and burn the City Hall if they didn't put street cars back on South Park avenue.

Finally an agreement was reached under the terms of which the railway company gave to the city a nominal rental for the use of its own tracks on the street, pending the decision of the suit. That was two years ago. The suit has been decided in favor of the city, and the railway company is without franchise on the street.

Radicals went to the City Hall yesterday afternoon as soon as the Superior Court decision was announced to urge on the Mayor that he shall follow honorable precedent by sending men to tear up the tracks on South Park avenue.

"We'll not do any tearing up until the railway company has ample opportunity to buy a franchise from the city," replied the Mayor. "I don't think that money was spent in vain."

At that time the railway company would be benefited by cutting something out of the city's pocket. There have been some rights in this matter as well as in the city and the railway company.

Ten years ago a franchise was granted for a street railway extending from the Plaza down Los Angeles and San Pedro streets to Thirtieth street, and along South Park avenue from Thirtieth street to Blumens Avenue. At that time the railway company built only to Thirtieth street. After H. E. Huntington secured controlling interest in the Los Angeles Railway Company he started to complete the San Pedro street line and as the work was finished the Council then Street Superintendent Worthington with a street car to tear up the tracks. The company secured an injunction against the city, and the case has been dragging through the courts ever since.

FIRE BOARD "FLUSH."
MONEY FOR BIG AUTO.
The Fire Board sent to the Council yesterday a resolution asking permission to purchase a seven-passenger automobile for the use of the board, and to be loaned on special occasions to other boards.

The commission considers that its appropriation is sufficient this year to enable it to buy a \$5000 auto, provided the people will be kind enough to vote \$200,000 in bonds for fire department improvements that nearly come out of the current revenue fund.

Commissioner Schwann broached the subject of automobile by telling of previous hardships endured by the board last week, when it was compelled to go around to visit fire-houses in a hack. He said that the commissioners serve without pay, the city should be magnanimous enough to provide an auto for the board.

McGarry suggested that it might be well to postpone the request for the purchase of the auto until the fire board election is over. Mr. McGarry replied that the auto might be handy for the Chief to use in electioneering for the fire board.

This was the final argument, and the resolution asking for the auto was voted. A special election was called for the first week in December for the purpose of ratifying the proposed issue of \$200,000 in bonds.

The ordinance calling for this election tells of the uses to which the money is to be put. The fire board is so hard pressed for money, according to the ordinance, that it is necessary to ask the city for the purchase of the horse and carts for the fire houses. But the fire board has found where to take \$4000 for an automobile without crippling the finances of the department.

ONE MORE VICTIM.
KASTLAKE'S HORROR CHAMBER.
There is an empty lion cage in the Zoo at Eastlake Park. For several months this cage guarded a handsome California mountain lioness. Yagui, the keeper, was the only one of the fact that the park board bought her from the Yagui Indians.

Yagui's skin now forms a rug for the Mayor's office at the City Hall. The lioness was one of the hardest, handsomest of her kind in captivity; but she lived only two years in the cramped, unsanitary quarters of the lion house at Eastlake. The skin, suitably mounted, was presented to the Mayor by the park board.

AT THE COURTHOUSE.
JAILED AFTER A LONG CHASE.
JOSE YBARRA, A MUCH-WANTED FUGITIVE, CAPTURED.

Man Who Is Alleged to Have Planned the Perjury for Which His Friend Is Now Serving Ten Years in Prison, Must Stand Trial on a Similar Charge.

Joe Ybarra, accused of having planned the perjury for which his friend, Leo Monreal, was sentenced to ten years in State's prison, was placed in the County Jail yesterday. His arrest took place in San Francisco on Wednesday, as a result of telegraphic information sent by Sheriff Hammel to the authorities in the Bay City.

Ybarra fled after the arrest of Monreal on the charge of perjury, last January. Ever since then Sheriff Hammel has been seeking information of the fugitive from many sources. The Mexican was traced to San Diego, and North again, as far as Siskiyou county, and down the Coast again. All the time, through the modern means of communication, Sheriff Hammel watched and listened, waiting for the man to pause in his flight, making no move which might give warning of the secret pursuit, before his arrest could be secured.

Monreal was placed on trial, convicted, sentenced to ten years in San Quentin Prison. When the sentence was passed, May 20, Ybarra had been four months away.

Through five months more the fugitive moved restlessly from place to place. Once he left the State, but returned. Tired at last, perhaps with his feet hurt by time, he paused in his flight.

The eyes that watched at the bidding of Sheriff Hammel found Ybarra in San Francisco, and the Sheriff sent the word he had been waiting for months to give. The arrest was made as planned, and Deputy Sheriff Crow-

Broadway, Corner Third

Key went North to bring the prisoner to this city.

The case in which Monreal and Ybarra testified was that of Beatrice Armas against James Armas, an action for divorce. The complaint, charging adultery, was filed September 24, 1924. Armas filed an answer and cross-complaint, charging the same charge against his wife.

The case came to trial in Department Seven of the Superior Court, January 7, 1927. Judge Harris was called as the plaintiff. The family of James Armas is wealthy. It was said that money was spent lavishly in the defense and in support of the cross-complaint which he had filed. Many witnesses appeared to testify in his behalf.

On the second day of the trial Joe Ybarra was called to the stand as a witness for the defense and on the cross-complaint. His friend, Monreal, followed.

The story told was that in August, 1924, Ybarra and Monreal had gone together in the evening to call on Beatrice Armas in her lodgings at 321 Temple street, and that the evening was spent in a bacchanalian revel, with dancing, cigarette smoking and beer drinking.

"She was pretty full," Monreal testified, speaking of the alleged hostess. He told of her going from the room, through a door at the side. He looked through the door, he said, and saw her with a man whom he had not seen before.

At the trial of Monreal a physician testified that Mrs. Armas had been too ill throughout the month of August to hold wild revels, such as the one described, had she wished to do so. Mrs. Armas, a lady of calm dignity, held her tongue.

Throughout the trial Monreal maintained a landy of calm dignity, which was surprising to many, and showed no sign of shame or fear. The jury in passing its verdict, which was a verdict of guilty, had been nudged up for months.

In passing sentence Judge Smith urged the prisoner to who had induced him to give false testimony. "I was offered immunity before the trial," he said, "if I would tell the truth; but there is nothing to tell. I told the truth."

When he heard the dread sentence, he staggered, and for a moment seemed to have lost the self-possession he had preserved before. He was taken to the County Jail, and went to comfort his sister, who was sobbing wildly.

And now his companion's long flight is ended. Ybarra will be brought into court and asked the questions which were put to Monreal. There are many who will wait with interest to hear the answers.

MUST NOW STAND TRIAL.
DAWSON BACK FROM PATTON.
Douglas Dawson, former manager of the William H. Humber Company, declared insane by a jury in the Superior Court four months ago, has been pronounced cured by the physicians at the Patton State Hospital. He will be returned to Los Angeles to stand trial on the charge of embezzling \$1700 from the company which employed him.

As soon as Dawson is brought to Los Angeles an effort will be made to have him admitted to bail at once. With the holidays still in force, and the cramped quarters of the County Jail, the alleged embezzler may enjoy several weeks of freedom before being brought to trial.

Dawson was admitted to bail while under indictment on the embezzlement charge, and was placed in a sanatorium. He escaped from there and returned to Los Angeles, where his peculiar actions convinced his friends that he had become insane.

ELECTRIC LINE SUE.
LEFT DITCH UNPROTECTED.
Two damage suits against the Los Angeles-Pacific Company, based on an accident to an automobile October 17, were filed yesterday in the Superior Court. In one, the Otis Elevator Company, a New Jersey corporation, is

plaintiff, seeking \$1700.51 for alleged injury to the automobile and expense of loss of time to two officials of the concern.

The other action is brought by L. H. Watson, chauffeur, asking damages in the sum of \$10,000 for alleged personal injuries.

The complaints relate that Manager Milton H. Robbins and H. P. Farnsworth, general superintendent, made the trip from San Francisco in the automobile, coming to Los Angeles on business, and intended returning in the same way.

At the corner of Hill and Seventh streets, it is stated, at 5:45 a.m., the auto ran into a ditch, eighteen inches deep, which defendant company had caused to be dug, and had left without warning flags or lights.

The machine was partially demolished. It is alleged, and the party had to return to San Francisco by rail.

The complaint filed for the chauffeur states that he was thrown over the front of the auto to the tracks and badly bruised.

COURTHOUSE NOTES.
BREVITIES MISCELLANEOUS.
TO KEEP THE PEACE. Anna Many, arrested November 9 on charge of making threats to kill Blanche Percy, a neighbor, in the city of Watts, and released on her own recognizance, appeared before Justice Summerfield yesterday for preliminary examination. She was released on a \$100 bond to keep the peace, executed by J. W. Kent. The trouble arose over some hens which it was claimed, were ill-behaved and would not stay at home.

SUIT OVER CEMENT. H. L. Hagman, yesterday filed suit against W. E. Brown and Frederick Winstanley, of the Brown-Winstanley Company. The complaint states that the plaintiff purchased cement from the defendants for use in the construction of a building in this city, on the representation that it was of the requisite quality for that purpose. The cement, it is alleged, was of poor quality, and had to be taken out after being used.

BATTERY. John C. Sissel of Hollywood was arrested yesterday on a complaint against him for battery, charging battery committed November 10. The defendant was allowed to go on his own recognizance.

Cars Every Five Minutes
You have better transportation at Belle Vernon than at any other tract now on the market and better than many parks inside the city limits. You can reach the Huntington Depot at 6th and Main in 20 minutes.

Not a Dollar for Water FREE AT THE DOOR

After you have realized every other convincing feature of Belle Vernon property, stop and think also what it is worth to have free water and plenty of it. The finest water basin underlies Belle Vernon. The water is pure and sparkling from the heart of nature. Each acre is sold with water at the door. When you buy an acre at Belle Vernon you plant an investment that will earn you big profits besides affording you one of the most desirable home sites in Greater Los Angeles. The view is grand from every point. The Long Beach boulevard cuts right through Belle Vernon on its way to the sea. The climate is ideal. Stores, graded and high schools, churches, telephones and every modern convenience.

YOU PAY ONLY \$20 DOWN, \$20 A MONTH.

\$650 UP You Get an Acre Far Below the Price of an Average Small Lot

Every advance of Los Angeles is registered in the values between the city and the sea. Capital is buying up every available tract here to hold for future profits. Now is the time for you to buy, and when your land becomes too valuable for home and garden, you can cut it up and sell each lot for more than the present price of a whole acre.

Time to Escape from Burning Vessel.
Is Picked up Suffering Greatly from Cold.

WIRE TO THE TIMES.
A BARBARA, Nov. 14.—(EX-100) With a great mass of names giving them hardly any chance of escape, the steamship Berkeley, bound for San Francisco, was forced to desert the ship on the morning, six miles off Point Loma, when the vessel was about 12:30 o'clock. The vessel was picked up by the U.S. Navy cutter, the USS Albatross, which was on duty in the area. The vessel was found to be in a state of distress, and the crew was rescued. The vessel was then towed to San Francisco.

EVENTS IN LOCAL SOCIETY.

LEUT. JOHN C. FREMONT, JR., U.S.N., of cruiser West Virginia, now anchored off Long Beach, entertained yesterday afternoon with a brilliant dancing party on board the cruiser in compliment to Mr. and Mrs. E. Avery McCarthy. Other guests were Miss Marian McGilvray, Miss Houston Bishop, Miss Grace Mellus, Miss Beulah Wright, who entertained with several clever readings, and Miss Myra Powers of Chicago, who has been visiting in Berkeley. The home was gay with carnations and ferns.

Surprise Party. A surprise party was given Tuesday in honor of Miss Evelyn Hornbrook, at the home of her aunt, No.

Mrs. Frank Hill, a bride of yesterday.

Miss Katherine Mellus, Mrs. A. J. Howard, and Volney Howard.

Hale-Hill Nuptials.

A fashionable and surprising announcement is that of the wedding of Miss Helen Hale, daughter of Robert Hale, a prominent capitalist of this city, to Frank Hill, a popular attorney of Los Angeles. The ceremony was solemnized yesterday afternoon at the home of the bride's parents, No. 515 Westlake avenue. Miss Hale was attired in a beautiful traveling suit, and carried a shower bouquet of bride roses and ferns. The Rev. Dr. Robert J. Burdette, pastor of the Temple Baptist Church, read the service. This bit of news will come as a complete surprise to the many friends of the young people, as formal announcement was only made at a breakfast given by Miss Nellie Moore of No. 437 Marmon way. Mr. Hill, who is the son of D. F. Hill, a retired

former State Senator Fred M. Smith and Miss Nellie Manning, both of Los Angeles, were married yesterday in San Diego.

Mrs. John J. Abramson, a hostess of the week, and Miss Beulah Wright, her special guest.

merchant, is a graduate of the Northwestern University. The young people were presented with a beautiful cottage at Manhattan Beach by the groom's father, and a \$1000 cheque from the bride's father. Their honeymoon trip will include a tour through Southern California in a big Franklin machine. At its conclusion they will make their home for the winter at the beach.

Country Club Tea. Mr. and Mrs. E. Avery McCarthy will entertain with an elaborate tea Saturday afternoon at the Country Club, as a courtesy to Capt. John B. Milton, U.S.N., of the West Virginia; Capt. Aaron Ward, U.S.N., of the Pennsylvania; and their lieutenants. Mrs. McCarthy will be assisted in receiving by her mother, Mrs. J. J. Howard, and her aunt, Mrs. J. J. Melhus. The invited list will be the members of the younger set only.

Levitts Home. Mr. and Mrs. Arthur Levitt and Capt. J. C. Newton of South Pasadena have returned from an extended eastern tour.

San Francisco Luncheon. One of the prettiest luncheons for many moons in San Francisco was given recently at the Fairmont, when Mrs. Yves Shorb White and Mrs. William Asha chaperoned a handsome set of young people, which included Miss Ethel Shorb, who is well known in this city; Miss Sue Nichols, Miss Anna Peters, Miss Natalie Fore and Miss Marguerite Butters.

Mrs. Abramson Hostess. The beautiful home of Mrs. John Abramson of No. 224 Romeo street was the scene recently of a merry gathering of college girls, who were members of the local alumni association of the Delta Delta Delta society entertained with a delightful banquet. Among the special guests present were

day in San Diego. The ceremony took place at the office of former State Senator Ward just before noon. Mr. and Mrs. Smith are staying at Hotel Comrade.

AFTER ELKS' CONVENTION.

BUSINESS MEN OF LOS ANGELES SET BALL ROLLING.

Enthusiastic Meeting Held and Committee Appointed to Stir Up Interest in Project of Capturing Annual Meeting of Great Order Two Years Hence.

Plans are under way to secure the annual convention of the Grand Lodge of Benevolent and Protective Order of Elks in 1920 for Los Angeles. This year the Elks will gather at Dallas, Tex., and the meeting on the following year will be in this city, if the united efforts of every lodge on the Coast can bring it about.

An enthusiastic meeting was held at Elks' Hall Wednesday night to discuss plans. A committee was appointed, composed of Al Levy, Frank Bryson, John Luckenbach, Carl McStay and M. H. Flint, to interest the commercial bodies of the Pacific Coast in the undertaking and endeavor to arouse enthusiasm in every way.

It is said that Seattle will generously give up her pretensions to the Elks convention, on account of the expectation to be held later in that city, and Portland, San Francisco and other Coast cities are said to be favorable to Los Angeles. As usual, the contest for the honor of hosting the convention is between the West and the East. The thousands of Elks who remember the terrible heat of Philadelphia will turn a ready ear to the call of this city, where the summers are so remarkable for their absence of excessive heat. The manifold attractions of Southern California as a summer resort will be heralded far and wide, and a campaign is being waged to attract the Elks to the city.

Those who think a movement begun at this time to secure a convention two years from now as being premature will realize the vast amount of preliminary work.

This city will not obtain the coveted gathering without a struggle. Eastern cities are jealous of the renown of Los Angeles as a convention city, and realizing the opposition that will develop, the committee in charge of advance arrangements will endeavor to work up a strong sentiment in favor of this city long before the next convention.

The Elks are strong on the Pacific Coast. The order numbers many of the most influential business and professional men of the country within its ranks. If the convention is held here, it will mean that nearly 10,000 visitors from all over the country will come to this city. A prominent Shriner, who was one of the Elks, stated yesterday that the convention would attract twice as many visitors to this city as did the Shriners. The estimated number of Shriners, their families and friends who were here in May was 25,000, and they returned home enthusiastic of the beautiful land. The Elks will accomplish even more for Southern California, if the estimated number should come to the proposed convention in this city.

THE OIL INDUSTRY.

Whittier-Des Moines Company Preparing for Deep Drilling—Associated Makes Changes in Officials.

The latest company to enter the Coyote Hills after oil is preparing to go down to the very bottom after the precious fluid. The Whittier-Des Moines Oil Company has purchased one of the largest and strongest rigs that can be secured and will be prepared to start drilling about November 25. They are erecting an eighty-four-foot derrick, and have installed a twenty-five-horsepower engine and forty-horsepower boiler to help the good work along.

Their property consists of sixty acres of a half-mile north of the Murphy Oil Company's gushers and adobe town land on the south. On the east they touch the property of the Amalgamated Oil Company, and will drill in the corner nearest the Murphy. E. A. Pope, the president of the company, states that the rig will reach the very bottom stratum, which is expected to be a "gusher" stratum. The Murphy's gusher near by is supposed to be capable of producing between 2000 and 2500 barrels daily when allowed to do so.

Five oil experts have been over the property of the Whittier-Des Moines, and all state that the oil is there, basing their conclusions on the fact that the strata from which the Murphy secures its oil trends toward the new rig. The personnel of the company are as follows: E. A. Pope, president; T. H. Fillmore of the Fillmore School of Music, vice-president; H. H. Tarr of Tanner, Tarr & Odell, secretary, and M. A. Gibbs of the American Savings Bank, treasurer. H. A. Gaddie is the superintendent of the ground, and they have secured William May as head driller.

Important changes in the personnel of the Associated Oil Company have made J. E. Merritt the general superintendent of the company, and J. L. Bruce the superintendent of the Kern River field, the post formerly held by Merritt. Merritt's office has been transferred to the position of superintendent of transportation. Bruce was promoted from the position of superintendent of drilling.

DIES UNEXPECTEDLY.

Mrs. Juliette P. Mathis, known as a Writer of Verses, Succumbs to Heart Disease.

The funeral of Mrs. Juliette Prescott Mathis, who died suddenly at the home of her son, Gen. Frank C. Prescott, No. 258 Harvard boulevard, yesterday morning, will be held tomorrow morning at 10 o'clock at her late residence. Hurlal will be in attendance. Mrs. Mathis was 65 years old. Her death was caused by cardiac asthma.

FEDERATION WAS THREE.

Celebration of Events Last Night.

Camp, Or Team and Prize Fights.

Hold a Formal Reception.

The greatest success that ever attended a union meeting in this city, marked the celebration of the third anniversary of the Church Federation. The house was packed to the rafters, and when all the members of the church were seated, the president, Mr. E. Ryland, was an eloquent speaker. The language was strong and unequivocal, as he dealt with the problems that call for united action on the part of the members of the church. He pointed out the need of a united front, and the need of a united front in the face of the opposition that would be met. He pointed out the need of a united front in the face of the opposition that would be met. He pointed out the need of a united front in the face of the opposition that would be met.

WARSHIPS AT VENICE.

Admiral Dayton's Squadron to Move to West Coast.

At the request of the Venice Chamber of Commerce, Admiral J. H. Dayton, in command of the squadron of cruisers now anchored off Long Beach, will on Wednesday move the vessels to places off the breakwater at Venice. This will be done to make it easier for visitors to get to and from the ships. Because of the heavy swell at Long Beach, it is difficult for small craft to land either at the ships' sides or at the wharves.

Members of a committee from the Venice Chamber of Commerce called upon Admiral Dayton on board his flagship, West Virginia, yesterday morning. The admiral told them he would anchor off the breakwater some time Wednesday, and if such is the case the reception will be postponed until Thursday night.

THE COMMITTEE FROM VENICE, which has the arrangements in charge, is composed of David Evans, M. Phillips, F. A. Buchanan, J. W. Carlson and T. R. Gabel.

MAY BUILD CITY OF CONCRETE.
Millionaire Phipps Becomes Interested in Edison Invention for Two-Family Houses.

NEW YORK, Nov. 14.—Henry P. Phipps, the wealthy steel manufacturer, who, in 1903, gave \$1,000,000 for the erection of model tenements in New York City, is greatly interested in the possibility of the two-families concrete house planned by Thomas A. Edison, the inventor, and which, it is claimed, can be built within twelve hours at a cost of \$1000 to \$1200.

Mr. Edison will have the mold for a full-sized double residence cast this winter, and as soon as the frost is out the ground near spring, he will build one of the houses near his laboratory.

It is proved satisfactory, Mr. Phipps will probably, in cooperation with other wealthy men, erect a large number of these houses near New York City, and make a city of concrete.

AUTOMOBILE SET SCATTERS FAR.

DIVORCE CASE IN ILLINOIS TOWN PROMISES SENSATION.

Young Physician Who Married a Beautiful Woman With Indian Blood in Her Veins, Alleges Indiscretions on Part of Wife in Six States.
(BY DIRECT WIRE TO THE TIMES.)
QUINCY (Ill.) Nov. 14.—[Exclusive Dispatch.] Quincy has a divorce suit which spreads over six States—that of Frank E. Stannus against Frances Whaley Stannus.

The automobile set has scattered to other States for the week and only those are left behind who were served with a summons.

Dr. Stannus came from Keokuk, his wife was born in Checotah, I. T., and it is said that her beauty is further enhanced by the Indian blood in her veins. She is 23 years old, while her husband is 28.

In the beginning she sued for a divorce, but she was soon met by her husband's cross bill, alleging the indiscretions in the States of Illinois, Missouri, Kansas, Oklahoma, Indian Territory, and Texas, beginning only a few weeks after their honeymoon in 1904.

The wife made charges in her bill, alleging that it was impossible to live with Stannus.

Dr. Stannus makes three specific charges against C. Henry Fogate of Quincy, society man and proprietor of the Hotel Newcomb, and the incident is alleged by Stannus to have taken place in Fogate's apartments at the hotel.

There are two other co-respondents of less social prominence, but the husband of C. Henry Fogate's name is alleged by Stannus to have been in the case has pulled in names well known in Quincy's social register. The co-respondents will all be called to the stand.

INFLAMMATORY RHEUMATISM

Cured by Dr. Williams' Pink Pills and the Proof is Right Here.

For years evidence that inflammatory rheumatism is curable by Dr. Williams' Pink Pills has been published. That hundreds of people have tried the treatment with good results is shown by the increasing number of cures reported.

Every sufferer from this most painful disease who does not try this treatment is neglecting the most hopeful means of recovery as is shown by the statement of Mr. E. C. Odell, of Morrison, Ill.

Affected His Heart.
Mr. Odell, who is well known and highly respected in Morrison, says: "I suffered with inflammatory rheumatism for eighteen months before I found a cure. I had always been more or less troubled with my kidneys and indigestion. The attack came on a few years ago when I was living in New York State. All of my muscles were inflamed and I was swollen from head to foot. I couldn't walk any distance at all without resting. The pains were dull and aching, and once in a while were sharp and shooting. The rheumatism began to affect my heart, causing fainting spells. I was troubled with dyspepsia and couldn't eat anything but bread and milk."

Cure Was Permanent.
"I was under a doctor's treatment for about a year, but didn't derive any help from it, and in fact I think I grew worse. I saw an account of Dr. Williams' Pink Pills in a newspaper and began to use them at once. The relief was almost immediate and I took the pills until cured. I have never had the rheumatism in any form since. My wife has been very much benefited by using the pills as a tonic and recommends them as highly as I do."

Dr. Williams' Pink Pills were originally a prescription used in the doctor's private practice, and their benefit to mankind has been increased many thousand fold by their being placed on general sale with the doctor's own directions for use. They are entirely safe, contain no opiates or other habit-forming drugs. They build up the blood, strengthen the nerves and have cured rheumatism in almost every form, anemias, troubles of women and growing girls and many forms of weakness.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent postpaid on receipt of price, 50 cents per box; six boxes \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

500 Fall Suits

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ON DEFENSE.
DIVORCE SUIT
STIRS SOCIETY.BARNHART CASE A SENSATION IN
PASADENA.

Much Agitation Over News That the Wife Has Petitioned for Separation and a Division of Property. Parties Prominent—Narrow Escape from Death by Runaway.

Office of The Times, No. 38 Raymond Ave., PASADENA, Nov. 15.—Social circles here are considerably agitated by the news that Mrs. Rose Barnhart has sought a divorce from her husband and a division of the property. The grounds are cruelty and that, according to the complaint, of accusations made by W. Earle Barnhart, the husband, that his wife had been unduly intimate with her family physician, an osteopath named Dr. J. Strother White. All the parties are prominent, and Mrs. Barnhart is noted for her talent in amateur theatricals. Dr. White, the person named by the husband, according to Mrs. Barnhart's story, is a member of the State Board of Medical Examiners.

Mr. and Mrs. Barnhart have heretofore resided at No. 655 Marano avenue, one of the best residences in the city. W. Earle Barnhart is a member of the firm of Barnhart, Day and Spindler, manufacturers of printing supplies of Chicago. Mrs. Barnhart places the estate of her husband at \$200,000.

Scarcely a function of society was complete without the presence of this couple, and the divorce has been sought on such grounds has stirred local society as no other happening for months past.

Mrs. Warren Barnhart, mother of the defendant in the suit, has spent several winters here at a guest house at the Maryland Hotel. The wife indignantly declares that all the charges against her are false. The husband has been quoted as saying that he would not object to his wife obtaining a divorce, but he would not consent to a division of property.

RANCH IS SOLD.
For the price of \$22,500, Dr. R. Schiffman has sold his ten-acre ranch to R. W. Cuthbert of Torrance, through the agency of J. C. Brainerd, Jr. Cuthbert expects to make Pasadena his home and to build a large residence. The new owner is a well-known banker and land agent of Pasadena, and will be accompanied to his new home by his own family, and that of his brother-in-law. These two families will add to the people already living around the ranch.

NARROWLY ESCAPES DEATH.
Run down by a team of frantic horses during the course of a mad dash to escape from an automobile, Earl Thomas, a game of indoor baseball, narrowly escaped death yesterday afternoon. The lad was making his way across the street at the intersection of Noble avenue, when the team, drawn by a handsome victor, came dashing wildly up and, in the moment, he was under their hoofs. Luckily, the animals avoided him with their feet, and the only injury to the youth sustained was in the region of his abdomen as the wheels of the carriage passed over him.

PASADENA BRIEFS.
Chief of Police Favour has been ill at his home for the past few days. He is threatened with pneumonia.

Tonight a game of indoor baseball will be played between the team of the Presbyterian Sunday-school and the team of the Lake Avenue Methodist Sunday-school. The game will be played at the home of the Presbyterian team, which will compete with the First Methodist team for the championship of the Pasadena indoor baseball league. Felker, Jurg, Magnus, Seldel, Taylor, Chaffee, Parker, Newell and Grey will form the Lake Avenue nine, while the Presbyterians will play Smith, Coyer, Meador, Lockwood, P. Smith, Hollister, C. Smith and Skinner.

The Pasadena High School is planning a meet with Whittier College on the gridiron. The two football squads will probably come together tomorrow. The game, if played, will constitute the second of a double-header to be played at the Tournament of Roses. The Throop first team and the Hollywood High School team being scheduled for the first battle.

A big delegation of Pasadena Elks went to San Diego today to attend the dedication of the San Diego Elks hall. Among the delegation were Exalted Ruler Richard Halstead, Dr. and Mrs. C. H. Ward, Miss Bessie Coleman, and Mrs. Thorne, B. C. Crandall, Mr. and Miss Atwood, Dr. and Mrs. Y. R. Leslie, Mr. and Mrs. Edward R. Bailey, J. A. Aber, Fred Moulton and J. H. Howell.

One of the high officials of the Pacific Electric gave out the information to President A. J. Toole of the Pacific Avenue Improvement Association yesterday that the Lincoln-avenue extension would probably be the first of a number of extensions taken up by the company on the return of President Huntington from the East. The date of Mr. Huntington's return is not announced.

The funeral of Richard Sheel, one of the laborers killed by the train at the Arcadia track recently, will be held this morning at the Catholic Church. The interment will be in Mountain View cemetery.

See Phelps for fine wall paper. Artists' materials at Wadsworth's. J. A. Fitch, Pasadena, for orange groves.

GLENDORA GIRL WEBS.
GLENDORA, Nov. 14.—Margaret, eldest daughter of Harvey Frazier, an old resident here, was married this evening at her father's home to William H. Niggle. The ceremony was performed by Rev. J. H. Frazier. The bride was attended by Miss Georgia King. The wedding gown was of cream-colored tulle with a train of heavy Irish lace. The going away gown was of brown tulle with a train of heavy Irish lace. The bride carried white carnations and ferns. They left this evening for a short honeymoon, at which they will be at home at Glendora.

C. O. Arenschield of Molire, Ill., is the guest of his brother, Dr. Arenschield.

W. F. Porter of Burlingame, Kan., is visiting H. G. Baker.

Charles Strain, son of D. C. Strain, has arrived with his family from Illinois and will make his home here.

WOMAN BEATS
SENSES AWAY.SUCH IS CHARGE AS MADE IN
WATTS CASE.

Comment Maker of the Electric Town Accuses Her of Having Struck Him on the Head With a Sharp Instrument—Woman Attorney Charges Man Lawyer With Embezzlement.

WATTS, Nov. 14.—When the holidays are over business will flourish in the court of W. M. Kellogg, justice of the peace here, a number of important cases having accumulated in the past week. Included in the list will be one in which a woman is charged with murderous assault.

Another of interest involves two attorneys, one of whom is a woman. She is the plaintiff charging one of her chosen profession with embezzlement. Mrs. Eugene Stephens is under bond of \$1000 on a charge of assaulting George Harris, a cement maker of Watts, with intent to kill. The attack on Harris is alleged to have occurred while he and the husband of Mrs. Stephens were in a heated argument. Harris was in a heated argument with the husband of Mrs. Stephens, and without a word of warning he struck him on the head with a sharp instrument.

Falling to the ground, a part of his skull crushed and blood streaming from the wound, he was further attacked, he says, Stephens applying his boots to all parts of his body. Harris says he was beaten until unconscious, and was then removed to his home. Physicians were summoned and pronounced him fatally hurt. They gave him careful attention, however, and it is now believed that he will recover.

Stephens and his wife were arrested as soon as Harris was able to have the warrants issued, but Stephens was later released, his attorney finding that the warrant was faulty. Mrs. Stephens has employed an attorney, and the case will be substantially argued.

J. W. Warren is erecting a new residence on Twelfth street, near Oregon avenue.

The local lodge of Odd Fellows will open the winter dancing season with a ball on Thanksgiving night. This will be given in the Odd Fellows hall.

The British ship Kapanga arrived at Port Los Angeles today from New York. It is a cargo ship, and carries a full cargo of coal. It is in command of Capt. McBride.

HUSBAND ALLEGES WRONG.
Has His Young Wife and Another Man Arrested in San Diego on Status-Torty Charge.

RAN FRELLO, Nov. 14.—When May and December wed, matters usually go awry. The truth of the adage was again proven when John Larsen, aged 37, a contractor of San Diego, caused the arrest of his wife, Mrs. Leola Larsen, aged 16, and David De Marr, a young man of this city, upon a charge of adultery, this afternoon.

Larsen and his young wife were married last May at Topeka, Kan., and came to this city where he was a contractor. He is now in San Diego, and his wife is in the Harbor lodge house here and that they have been living together as man and wife.

Mrs. Larsen and young De Marr were arrested before Recorder Fred R. Jones this afternoon and pleaded not guilty. They were released on bail and will set for Tuesday of next week.

LEAVES LARGE TRACT.
Whittier Concern Takes a Considerable Area of Laguna Ranch for Development.

RIO HONDO, Nov. 14.—A deal of interest to this section, and which means the immediate development of a large tract which has hitherto been used only in the raising of cattle, is the purchase of the Laguna Ranch and Water Company of Whittier, of 3500 acres of the Laguna Ranch, owned by Mrs. Arcadia B. de Baker. The tract lies just beyond the Los Angeles river and extends to Huntington Park, and north as far as the Santa Fe Railway. The lease was put in this power, and the company for the entire tract. They already own 160 acres of water-lifting land, and they put down wells deep enough to tap the artesian flow. A 5,000-gallon reservoir is being built, and the company is planning to put in the company spending in all about \$200,000 in power plants and pipes, and in the higher and western portion of their property. The land was recently surveyed and 3000 acres have been leased in this way. The people of this section consider this a big thing, and they are looking forward to the big Laguna ranch into citrus and walnut groves.

SENT TO DETENTION HOME.
Kansas Boy, Cast Adrift by Circus at Ocean Park, Taken in Charge by Police.

OCEAN PARK, Nov. 14.—When the Sells-Floto circus was all unpacked and ready to go into permanent quarters for the winter there was found among the unclaimed and unclaimed articles one boy, aged 12 years. The police officers picked him up as a vagrant, and forwarded him to the Detention Home. The lad proved to be Normal Woods, who had deserted home and mother at a little town in Kansas and had been in the tent again.

When the season was over with the circus it was all off with the boy. He could not make himself heard of, and he was found in the tent again. He was found in the tent again, and he was found in the tent again.

POMONA.
POMONA, Nov. 14.—The committee of the Board of Education, of which J. Albert Dole is chairman, to take up the matter of changing many of the undesirable streets and alleys in the city is making good progress in its work and has already presented several signed petitions to the City Trustees, which have been acted upon.

San Pedro. The wedding occurred at the home of the bride's parents, Mr. and Mrs. J. H. Patton, of East Walnut avenue.

Miss Fanny Patton was married to Mr. J. H. Patton, of San Pedro, Nov. 14. The wedding occurred at the home of the bride's parents, Mr. and Mrs. J. H. Patton, of East Walnut avenue.

San Pedro. The wedding occurred at the home of the bride's parents, Mr. and Mrs. J. H. Patton, of East Walnut avenue.

The tract lies just beyond the Los Angeles river and extends to Huntington Park, and north as far as the Santa Fe Railway. The lease was put in this power, and the company for the entire tract. They already own 160 acres of water-lifting land, and they put down wells deep enough to tap the artesian flow. A 5,000-gallon reservoir is being built, and the company is planning to put in the company spending in all about \$200,000 in power plants and pipes, and in the higher and western portion of their property. The land was recently surveyed and 3000 acres have been leased in this way. The people of this section consider this a big thing, and they are looking forward to the big Laguna ranch into citrus and walnut groves.

SENT TO DETENTION HOME.
Kansas Boy, Cast Adrift by Circus at Ocean Park, Taken in Charge by Police.

OCEAN PARK, Nov. 14.—When the Sells-Floto circus was all unpacked and ready to go into permanent quarters for the winter there was found among the unclaimed and unclaimed articles one boy, aged 12 years. The police officers picked him up as a vagrant, and forwarded him to the Detention Home. The lad proved to be Normal Woods, who had deserted home and mother at a little town in Kansas and had been in the tent again.

When the season was over with the circus it was all off with the boy. He could not make himself heard of, and he was found in the tent again. He was found in the tent again, and he was found in the tent again.

POMONA.
POMONA, Nov. 14.—The committee of the Board of Education, of which J. Albert Dole is chairman, to take up the matter of changing many of the undesirable streets and alleys in the city is making good progress in its work and has already presented several signed petitions to the City Trustees, which have been acted upon.

WOMAN BEATS
SENSES AWAY.SUCH IS CHARGE AS MADE IN
WATTS CASE.

Comment Maker of the Electric Town Accuses Her of Having Struck Him on the Head With a Sharp Instrument—Woman Attorney Charges Man Lawyer With Embezzlement.

WATTS, Nov. 14.—When the holidays are over business will flourish in the court of W. M. Kellogg, justice of the peace here, a number of important cases having accumulated in the past week. Included in the list will be one in which a woman is charged with murderous assault.

Another of interest involves two attorneys, one of whom is a woman. She is the plaintiff charging one of her chosen profession with embezzlement. Mrs. Eugene Stephens is under bond of \$1000 on a charge of assaulting George Harris, a cement maker of Watts, with intent to kill. The attack on Harris is alleged to have occurred while he and the husband of Mrs. Stephens were in a heated argument. Harris was in a heated argument with the husband of Mrs. Stephens, and without a word of warning he struck him on the head with a sharp instrument.

Falling to the ground, a part of his skull crushed and blood streaming from the wound, he was further attacked, he says, Stephens applying his boots to all parts of his body. Harris says he was beaten until unconscious, and was then removed to his home. Physicians were summoned and pronounced him fatally hurt. They gave him careful attention, however, and it is now believed that he will recover.

Stephens and his wife were arrested as soon as Harris was able to have the warrants issued, but Stephens was later released, his attorney finding that the warrant was faulty. Mrs. Stephens has employed an attorney, and the case will be substantially argued.

J. W. Warren is erecting a new residence on Twelfth street, near Oregon avenue.

The local lodge of Odd Fellows will open the winter dancing season with a ball on Thanksgiving night. This will be given in the Odd Fellows hall.

The British ship Kapanga arrived at Port Los Angeles today from New York. It is a cargo ship, and carries a full cargo of coal. It is in command of Capt. McBride.

HUSBAND ALLEGES WRONG.
Has His Young Wife and Another Man Arrested in San Diego on Status-Torty Charge.

RAN FRELLO, Nov. 14.—When May and December wed, matters usually go awry. The truth of the adage was again proven when John Larsen, aged 37, a contractor of San Diego, caused the arrest of his wife, Mrs. Leola Larsen, aged 16, and David De Marr, a young man of this city, upon a charge of adultery, this afternoon.

Larsen and his young wife were married last May at Topeka, Kan., and came to this city where he was a contractor. He is now in San Diego, and his wife is in the Harbor lodge house here and that they have been living together as man and wife.

Mrs. Larsen and young De Marr were arrested before Recorder Fred R. Jones this afternoon and pleaded not guilty. They were released on bail and will set for Tuesday of next week.

LEAVES LARGE TRACT.
Whittier Concern Takes a Considerable Area of Laguna Ranch for Development.

RIO HONDO, Nov. 14.—A deal of interest to this section, and which means the immediate development of a large tract which has hitherto been used only in the raising of cattle, is the purchase of the Laguna Ranch and Water Company of Whittier, of 3500 acres of the Laguna Ranch, owned by Mrs. Arcadia B. de Baker. The tract lies just beyond the Los Angeles river and extends to Huntington Park, and north as far as the Santa Fe Railway. The lease was put in this power, and the company for the entire tract. They already own 160 acres of water-lifting land, and they put down wells deep enough to tap the artesian flow. A 5,000-gallon reservoir is being built, and the company is planning to put in the company spending in all about \$200,000 in power plants and pipes, and in the higher and western portion of their property.
